SANITARY CONDITIONS CONDEMNED

Medical Experts of U. S. Government, Maine and New Hampshire in Conference at Local Navy Yard Denounce Sanitary Conditions in This Vicinity as Menace to Public Health

A conference was held at the Portsmouth Navy Yard on Saturday, March 30, by representatives of the Health Departments of the states of Maine and New Hampshire and the representatives of the Naval Medical Department. It was unanimously agreed that sanitary conditions in this vicinity were detrimental to the health of the military and industrial personnel of the local Navy Yard.

Moreover ill-health in the navy yard is an equal menace to the civil community surrounding it. The conference felt that for the mutual protection of all parties, an extra cantonment health zone similar to that which has been established around Camp Devens and other army camps, should be instituted.

Those participating in the conference were Doctor D. E. Sullivan of Concord, N. H., representing the State Board of Health of New Hampshire, Doctor J. D. Bellet of Augusta, Me., the State Commissioner of Health of the State of Maine, A. P. Pratt of Portland, District Health Officer of Southwestern District of Maine, Passed

Assistant Surgeon W. M. Bryan of the United States Public Health Service, the District Sanitation Officer of the First Naval District and Medical Inspector F. M. Furlong, U. S. Navy, the Medical Officer of the Yard.

REDUCTION OF MILK FOR PRODUCERS

(By Associated Press)
Boston, March 30.—John Willard, secretary of the Federal regional milk commission announced today that the commission had ordered a reduction of half a cent a quart to be paid to New England milk producers effective for the month of April only, but the price to consumers will remain unchanged.

Every man that is going to plant a garden this year wants to look up a supply of fertilizer early.

Situation Today is Reported More Satisfactory for Allies--French Troops Supported By Reserves Are Offering Desperate Resistance to the Powerful Assaults of the Enemy

BIG WAR FINANCE BILL AGREED

(By Associated Press)
Washington, March 30.—An agreement was reached today in the administration's bill on war finances. The bill appropriates five hundred million dollars for additional war needs, and also provides for a three billion loan. The agreement was reached today by the senate and house conferees.

WAGE INCREASE FOR CHICAGO PACKERS

Chicago, March 30.—The eight-hour day, wage increases of \$1 a day and equal pay for night work by men and women was granted to Chicago packing house employees today by Judge Samuel Lachner, arbitrator in the recent wage hearings here. Several other demands of the workers were also granted.

RUGS—I will furnish pieces, fine assortment and good quality to any one who will make the rugs. I to furnish material and they to do work. Address 410 Lafayette road. No 30, 17

(By Associated Press)
London, March 30.—The Germans attacking yesterday at Demuin and Mevienes pressed back the British from Mevienes the war office announced today. All the enemy attempts to capture Demuin broke down after sharp fighting.

London, March 30.—Mevienes, captured by the Germans was in the sector south of the Somme where the principal gains of the Germans in the last few days have been made.

British Army Headquarters in France, March 30.—The situation today from the British standpoint is reported more satisfactory. Along the British section of the battlefield last

night was comparatively quiet.

The British lines have been strengthened rapidly in every quarter along the front. There is a most heartening display of determination and optimism. In the vicinity of Albert the Germans today were reported to be digging themselves in along the line from Thiepval to La Boisselle.

Paris, March 30.—French troops supported by reserves are offering desperate resistance to powerful assaults of the enemy, the war office announced today.

The battle which was resumed with renewed violence during the night, is progressing on a front of about 25 miles from Meuse to beyond Laasigny.

MANSTER IS GIVEN LIFE IMPRISONMENT

Burglar Found Guilty of Murder in Second Degree for Killing Policeman Joseph C. Reiser, a Boston Officer

(By Associated Press)
Boston, March 30.—Harry M. Manster was found guilty today of murder in the second degree for killing Joseph C. Reiser, a policeman, who attempted to arrest Manster for burglary in a Back Bay apartment house on January 20.

The jury retired at 5:40 p. m. last night and did not reach a verdict until nearly 6 a. m. this morning. Manster was sentenced to life imprisonment.

Reiser was shot while investigating a series of burglaries in the Back Bay district. Witnesses for the prosecution identified Manster as the man whom they saw leaving the apartment house where Reiser was killed immediately following the shooting. He claimed that he was going for a physician. Manster testified in his own defense. He admitted taking part in several burglaries and being in the apartment house but denied that he killed Reiser.

SET CLOCKS HOUR AHEAD AT BEDTIME

America's time goes forward an hour tomorrow morning at two o'clock. Be sure you set your timepiece ahead an hour before you retire at night. If you go to bed at ten o'clock set the hands ahead to eleven o'clock. Should you retire at eleven o'clock advance the time to midnight.

Of course you could, if you desired remain up until two o'clock Easter morning and set the clock ahead when Uncle Sam does. But, this would mean losing a night's sleep to the majority of people, so it has been suggested by Washington that householders advance their timepieces ahead an hour before they retire.

Uncle Sam will put the daylight saving bill into effect tomorrow. The plan has been endorsed by President Wilson and will continue in effect until the last Sunday in October.

After you have set your clock ahead an hour tonight you have nothing more to worry about. You will awake at your customary time and carry out

your engagements as you always have. If you have planned to meet a friend at 2 o'clock in the afternoon you will be with him when your watch shows it to be 2 o'clock. The setting of the clock ahead Easter morning will make no difference in the relative time whatever.

THE WEATHER

Forecast for Portsmouth and vicinity—Fair tonight; Sunday partly cloudy, southwest winds.

Thomas Wetherell
The body of Thomas Wetherell who died in Newburyport March 24th, aged 78 years, was brought to this city Friday for interment in Harmony Grove cemetery under the direction of Oliver W. Ham.

SPIES IN AIRPLANE FACTORY

Woman Arrested in Newark Admits Group of German Agents Have Been Employed in Curtiss Airplane Establishment at Hempstead, L. I.

(By Associated Press)
Newark, N. J., March 30.—Admission that a group of German spies has been employed in the plant of the Curtiss Engineering Corporation at Hempstead, L. I., N. Y., has been obtained from Mrs. Lydia White who was arrested here today with blue prints of airplanes in her possession.

The woman, who is 25 years old, was turned over to Federal authorities and held by the United States commissioner here. In ten thousand dollars, together with Frederick Arnold, a boarder in her home at Hempstead, the pair were arrested here after they were located by Albert White, the woman's husband.

In the selection of rugs and carpets, although texture, size and price play their parts, almost without exception it is the pattern and the coloring that determine your choice. We have now, at your command, an extensive stock of carpets, rugs and all kinds of floor coverings in clean cut, accurate patterns, popular colorings, all grades at reasonable prices.

Get in touch with our rug department.

PARIS AGAIN SHELLED

Seventy-Five Killed and 90 Wounded When Shell Falls in Church Crowded With Women and Children

(By Associated Press)
Paris, March 29.—Seventy-five persons were killed and 90 wounded, most of them women and children, when one of the shells of the German long distance gun fell this evening onto a church in the city of Paris, when the Good Friday service was being held, according to an official communication.

Among those killed was II. Stroeblin, the Swiss Vice Consul, attached to the Swiss legation in Paris. This same church was struck on Sunday morning and many were injured.

BERLIN PAPER LAUDS BRAVERY OF BRITISH

Amsterdam, March 29.—The semi-official North German Gazette of Berlin pays this tribute to the bravery of the British troops in France: "The British soldier defended himself heroically. His batteries fired until our riflemen overpowered the man seeing the guns. His infantry stood their ground firmly and engaged in hand-to-hand fighting. Not only was every fortified base and every trench and every railway embankment defended with the most stubbornness, but British brave men met our troops in the last fighting lines. But all this bravery only contributed to increase the enemy's losses. Truly, our opponent has not made victory easy for our troops. The enemy battalions immediately assembled for counter thrusts wherever an opportunity appeared favorable. Even the cavalry threw themselves in resolute onslaughts against our storming battalions to prevent them from breaking through, but all in vain."

KITTERY POINT

Kittery Point, March 29.—Newell Bartlett of the Radio school at Newport, R. I., is spending the week end with his aunt, Mrs. Oscar Clark. Mrs. Frank Huff and little daughter have returned to their home on the Creek road after spending a few weeks at their former home in Wisconsin, being called there by the illness of a relative. The membership of the K. F. G. Embroidery club was delightfully entertained by Mrs. George Kimball at her bungalow last evening. After a social time was passed, a buffet lunch was served by the hostess. Mrs. S. P. Guilford of Lynnfield, Mass., is visiting her sister, Mrs. Oscar Clark for a few days. Professor Charles F. Dodge and Mrs. Dodge of Salem, Mass., are spending a few days in town stopping at the home of Mr. and Mrs. W. H. Foley while here. Mr. and Mrs. Oscar Mysterin have returned to this place after spending a month at the Mysterin's former home in Minneapolis.

BARLEY

Malted Barley
not only saves wheat in making

Grape-Nuts
but produces actual sugar from the grains.

No sugar is needed with Grape-Nuts and less milk than with the ordinary cereal.

Delicious War Bread

REMOVE WHEAT PRODUCTS FROM HOTEL MENUS

Washington, March 29.—Wheat and wheat products were wiped off the menus of several hundred of the country's leading hotels today, in response to a request of the food administration that "every independent, every well-to-do person in the United States, should pledge complete abstinence from wheat until the next harvest could supply the imperative needs of the Allies."

KITTERY

Kittery, March 29.—The Ladies Aid of the Government Street Methodist church held a very successful Easter sale and entertainment in the vestry on Friday afternoon and evening. Easter Bibles were used for decorations. The following committees were in charge: Ayres, Mrs. Ida Marshall, Mrs. Ruby Littlefield and Miss Mary Dyer; Carter, Mrs. Chester Calkins and Mrs. Harry Dyer; Dyer, Mrs. John Dyer and Mrs. John Dyer; Fisher, Mrs. John Fisher and Mrs. John Fisher; Gentry, Mrs. John Gentry and Mrs. John Gentry; Hildreth, Mrs. John Hildreth and Mrs. John Hildreth; Johnson, Mrs. John Johnson and Mrs. John Johnson; Lester, Mrs. John Lester and Mrs. John Lester; Little, Mrs. John Little and Mrs. John Little; Marshall, Mrs. John Marshall and Mrs. John Marshall; Miller, Mrs. John Miller and Mrs. John Miller; Moore, Mrs. John Moore and Mrs. John Moore; Parker, Mrs. John Parker and Mrs. John Parker; Reed, Mrs. John Reed and Mrs. John Reed; Smith, Mrs. John Smith and Mrs. John Smith; Taylor, Mrs. John Taylor and Mrs. John Taylor; White, Mrs. John White and Mrs. John White; Wilson, Mrs. John Wilson and Mrs. John Wilson; Young, Mrs. John Young and Mrs. John Young.

DOVER WOMAN BADLY BURNED

Mrs. Geo. Leighton Receives Burns About Body While Removing Hot Ashes. Mrs. George L. Leighton, wife of Senator Leighton of Dover was burned about the body while removing hot ashes from the furnace at her home 57 1/2 street, that city, Friday, her clothing catching fire. She was removed to the Wentworth hospital. While her injuries were not serious, she suffered severely from the shock. Her husband is a member of the state food commission and is in Washington to attend a meeting of the national commission. Watch out for big news. Follow the reports of paper—the Herald.

GERMAN-OWNED MILLS IN N. J. ARE SEIZED

Washington, March 30.—Six great German-owned New Jersey woolen mills with a total valuation of more than \$70,000,000, have been taken over by the United States government, who has named governing boards of directors to assume control of them. The earnings of the properties during the war will go into the federal treasury for the purchase of liberty bonds. The mills taken over were announced tonight by A. Mitchell Palmer, the alien property custodian as follows: The Passaic Worsted Spinning Mills, the Botany Worsted Mills, the New Jersey Worsted Spinning Company, the Forstmann and the Hoffman company and the Gora Mills, all of Passaic, N. J., and the Garfield Worsted Mills of Garfield, N. J.

EXETER

Exeter, March 30.—Ten applicants left Friday morning for Camp Devens at Ayer, Mass. Thirteen men were notified to appear, but three did not report. These being Charles E. Lamy and Eddy Leterriere, both of Exeter, and Henry L. Jackson of Windham. Among the 10 who went were four Exeter boys, Howard A. Carter, Fred Dewitt, Richard Desjardins and Samuel Cantor. The others were: Alcide J. Moran, Frederick H. Hason and Arthur J. Clark of Exeter, Henry C. Hastings and Cornelius N. Keefe of London, N. H., and Andrew J. Burke of Raymond. The men reported Thursday evening, leaving Friday morning at 8:45 via Rockingham Junction.

ROCHESTER

Rochester, March 30.—Michael Laiden died at the residence of Mrs. Maria Casey No. 1 Blake st., yesterday morning after a long illness, aged 79 years. He was born in Ireland, the son of Bernard and Mary (Cochrane) Laiden and had resided in Rochester for 40 years. Years ago he was employed at the Wallace Shoe manufacturing and afterwards was for many years a local football and Maine gatekeeper. He is survived by a sister, Mrs. Nora Seckitt of Church st. There was a mass meeting last evening at the city opera house in the interests of the British Canadian Recruiting mission. Ex-Mayor H. Frank Preston presided and addresses were made by Mayor Guy Dwyer of the 22nd Canadian Battalion and Sergeant J. Baker.

DOVER

Dover, March 30.—Elder Fisher died at his home on Grove street, Friday, aged 65 years. Mr. Fisher was born in Maine and was the son of Rev. A. and Almira A. Fisher. He came to Dover from Biddeford, Me., in 1911 and has been engaged as a telegrapher at Southern New Hampshire for some time. He is survived by his wife, his father, one half brother and two half sisters. The body will be taken to Dover, Mass., Monday afternoon for burial. The regular meeting of the First Baptist church society was held at the chapel Thursday evening. The report of the clerk showed that the society was \$200 in debt and in excellent financial condition. The regular monthly vespers service will be resumed starting Easter Sunday evening at 5 o'clock, at which time Mr. Peterson will play two organ numbers entitled "Resurrection Morn" and "On the Living Spring Time." The quartet will sing four selections and Miss Boomer and Mr. Coffin will sing "God Hath Sent His Angels." The organ for the evening will be played by Mr. Coffin.

GERMAN SUSPECT TAKEN IN BOSTON

(By Associated Press)
Boston, Mass., March 29.—Dr. Carl Oscar Hagelin, who delivered many lectures on the German side of the war, before war was declared in this country, was taken into custody this evening at Lexington. He was after a brief examination locked up in the East Boston jail with the other Federal prisoners. When Hagelin suffers from eczema or some itching skin trouble, use Doan's ointment. A little of it goes a long way and it is safe for children. Get a box at all stores.

Portsmouth, N. H., Saturday, March 30, 1918.

No Time for Stickling.

No one questions the patriotism and public spirit of Henry Ford. He said some foolish things and made some foolish moves early in the war, but in time he recovered his equilibrium and has since been doing good work in supplying the government with needed war necessities.

But lately he has been talking again, and while what he said shows that he means well it will not do to take it too literally. We are all proud of America and American genius, but "there are others," and at a time like the present the thing to do is to get the best from whatever source it can be obtained the quickest, and not insist on "pure Americanism" in so far as the equipments for war are concerned.

Mr. Ford, if correctly reported, says: "American mechanisms, designed by American engineers, constructed by American workers and operated by American fighters, are going to win the war on land, in the water and in the air."

In a large sense this is doubtless true of America's part in the war. This country has great inventors, skilled mechanics and fearless fighters, and is prepared to do its full share toward equipping the armies for the task they are facing, but it has already been demonstrated that nothing will be gained by insisting on having everything purely American, while much may be lost. It is a time for the recognition of merit wherever it shows itself and to adopt the best regardless of its origin.

For six months American mechanics have been attempting to improve on a French gun, and have finally been obliged to abandon their experiments as a bad job and accept the weapon as developed by the French. Large sums of money have been expended and valuable time has been lost, all because certain men insisted that the gun would not answer the purpose without the American touch.

And the War Department has also experienced an eye opener in another direction, if reports from Washington are to be depended upon. Some time ago the "Liberty motor" was brought out with a great blare of trumpets. It was claimed to excel any motor in the world for airplane use and great hopes were founded upon it. But, according to a dispatch from the national capital, a flying machine equipped with this wonderful motor was given a trial a few days ago in competition with a French machine, and was outclassed in every respect. A number of United States senators were among those who witnessed the trial, and they are reported to have been deeply disappointed and chagrined by the failure of the American machine to come anywhere near matching its rival.

These things show the folly of insisting upon having everything used in this war of strictly American origin. The best is none too good, and when it is found it should be adopted, no matter where it comes from. In the way of invention and manufacture America has much to be proud of, but this is no time to quibble over the origin of war equipment, and the War Department will do well to profit by the lessons learned from the incidents referred to. And without doubt it will.

If the advisers keep on it will be necessary for some one to write a treatise on what to do with back yards. People have been urged to cultivate them and to convert them into hen yards and pig yards, and now a blooming genius comes forward with the suggestion that every owner of a back yard should establish a pond there and raise his own fish. Would it not also be a good idea at the close of the vegetable, poultry, pig and fish season to open a coal mine and lay in the winter's stock of fuel?

A fox ranch in this vicinity would be a novelty and would add to the attractions of one of the liveliest little cities on the New England coast. Just how profitable the venture would prove time would tell, but such a scheme is in the air, and there is a general hope that it will be brought down to earth.

There is now a danger zone at Camp Devens, where artillery practice with loaded guns has been begun, and the warning to keep out of it will undoubtedly be heeded. Carelessness with reference to this matter would be liable to result in casualties which would be published, addresses and all.

Maj. Gen. Leonard Wood returns from the western front in an optimistic mood, but thinks the American army in France should be raised to 4,000,000 or 5,000,000 as soon as possible. That is what may be called practical optimism, the kind that wins wars.

New York city is preparing to protect itself against air raids. One might suppose that the people there had heard, above the mighty din of the metropolis, the hoarse detonations of that 16-mile gun.

EDITORIAL COMMENT

For It's Easter Sunday

(From the Portland Press)
It behooves all to go to bed an hour earlier on next Saturday, or in having to get up earlier in the morning they may be sleepy in church.

Fees in Our Own Household

(From the Albany Journal)
The United States is 3000 miles from warfare, but the war is not 3000 miles from the United States.

Easter Morning

(From the New York World)
Church organizations will set their clocks ahead Easter morning at the time fixed by the Government regulation and not in the afternoon, as was suggested. The rule, to become effective, should be followed by all without exception or modification to suit individual convenience.

See The Leer on His Face?

(From the New York Herald)
You cannot fight Hingenberg with cardboard swords and without an army.—Nicolai Lemine.
Which may awaken even Russians to the enormity of the crime committed by Lenin and his associates in destroying Russia's armies for and in behalf of Hingenberg and his imperial master.

petted doll of past generations has passed away, and in her place has come the woman who can do anything a man can do, and does it. Man should not object, provided that in the transformation woman does not lose her distinctly feminine qualities and does not shed the duty of motherhood, which becomes doubly important when the flower of young manhood is being culled down.

Who's "Profiteering"?

(From the Kansas City Star)
In view of Mrs. Stokes' denunciation of profiteers, it might be said that there are persons who have a notion that a lecturer who receives \$300 for the sort of an address that Mrs. Stokes made is somewhat familiar with profiteering herself.

Look To The Light!

(From the Memphis Commercial Appeal)
Beyond every shadow lies a light. Beyond the Good Friday of a jeopardized world-freedom lies the radiant resurrection dawn of a new liberty for men which will nurture into a civilization such as the world has never seen.

God puts the blackness before the transfiguring light; therefore, let not your heart be troubled, neither let it be afraid.
High, and Steadfast, Cheer.
(From the Springfield Republican)

The great drive is stirring the heart of this nation to its depths. The people are being knit in purpose beyond all and serve not only ourselves but previous experience. We shall stand in the face of the world with high cheer that knows no recession to doubt. How shall this service be rendered? By beginning at home, with each man and woman keeping soul and might intent upon the goal that will surely be won, whether soon or late. This means keeping busy at all kinds of work, cheerfully performed, with minds poised and

Women as Loggers, Lumberjacks.

(From the Portland Oregonian)
Replacement of male with female workers has gone so far in Great Britain that a Women's Forestry Corps has been formed to do the work of logging and sawmills which is done in this country by husky lumberjacks. About 400 women have learned the business in a school in the Forest of Dean, and they now fell trees and saw them into pit props, trench poles, barbed wire poles, railroad ties and other shapes.

They are the Loyal Legion of Loggers and Lumbermen of the old country, but are far more modestly paid than the members of that organization on the Pacific Coast. The fellers are guaranteed 12 a week, and at piece work earn from 23 to 28 shillings, while the sawmill hands and scalers earn from 30 to 40 shillings a week.

When women invade such occupations as those of the lumberman, machinist and shipbuilder, there seems to be no limit to what women can do. The strong to do what may be asked of it.

Before everything else the United States must be dedicated to winning the war. That is the business of the people of our time. To accomplish it we shall devote ourselves with redoubled purpose to every possible form of service. That is the fact that will make us stand out above the thrushes and counter-thrushes on the arena of present conflict. Those who denounce overmuch because the impossible has not been accomplished may have their uses, but for the great mass of us the path of duty is clear and simple.

Patience and faith must be made adequate to the need. Not with endurance alone will the army at home move forward with steady swing, but with such cheerful confidence as will contribute to battling the armies of hate. It cannot be otherwise that humanity's destiny is to be settled in this period of supreme challenge. We were dedicated of old to the preservation of freedom, and there we shall stand, when its fate is being determined.

Mayor Peters Playing Fair
(From the Springfield Union, Rep.)
Mayor Peters of Boston, whose election was a non-partisan victory, and who promised to give Boston a non-partisan administration, appears to be keeping his word. Although a Democrat himself in State and national affairs, he has given two out of five recent appointments to Republicans. The manner in which he may divide appointments between Democrats and Republicans is not, however, the main consideration; the important thing is to select able and honest men for the municipal positions to be filled, regardless of the political affiliations of the appointees. If Mayor Peters is doing this, it makes little difference what proportion of the men appointed by him are Democrats or Republicans.

They Must Not Pass

(From the New York World)
Whatever losses the British and French have suffered in the smashing attacks that have been delivered by the German forces, there have already been enormous moral compensations. For one thing, the air is again cleared and German militarism is once more revealed in all its hideous aspects. All pretence has been stripped away, and the Germany that exists today is seen to be the same Germany that threw down the gauntlet to civilization in 1914. It is more apparent than ever that this monster of autocracy will yield to nothing except superior force and there will be no peace until Prussianism is beaten by the might of arms.

Nothing will be gained by negotiation or by compromise. Nothing can be expected of the German people themselves until the military prestige upon which Prussianism rests is destroyed. It may take a year, or two years, or five years, but if there is ever a peace that is better than a truce, the Allies must make up their minds to fight the thing through, cost what it may.

Prison Labor on Farms

(From the New York Herald)
There are more than fourteen thousand, and prisoners in the county jails, reformatories and penitentiaries of this state, and the State Commission of Prisons suggests that many of these could be used in increasing the supply of food.

While inmates of these institutions cannot be fitted out to individual farmers, the commission says there is nothing to prevent a county from buying or renting land upon which prisoners may be employed. Appropriations for this purpose and to aid State institutions in increasing their agricultural activities are recommended.

The inmates of state penal institutions, it is said, are reasonably well employed, but hundreds of able-bodied men in the county institutions spend their time in idleness through failure of boards of supervisors to provide employment. "Food is a vital issue in winning the war," says the commission. Hence, its suggestion—which is worthy of special consideration at this time.

Why Paris is Bombed

(From the Chicago News)
Though these are indeed times that try men's souls they should not be times of panic. The incarnation of despotism has marshalled his hosts in a death battle against the forces that stand for freedom. In this struggle he is using every weapon known to science. Yet even now he relies on certain tools that have been of service to him from the beginning. One of these is falsehood and another is fear. If while he is pushing his offensive in northern France he can injure the morale of the liberty loving world by falsehood, either whispered or transmitted otherwise, he is going to do it; to the end that he may paralyze by intimidation. His mysterious bombardment of Paris is not expected to destroy that great capital, but to injure the mental and spiritual fabric against which he is contending.

Again he has shown that this is a war of "frightfulness" and lies. Against such weapons we must stand by oppose stout hearts and truth.

On Other Sides.

(From the N. Y. Evening Post)
France has temporarily blotted all other places from the news-map. We now get but the barest glimpses of what is going on in Russia. From German sources we learn that the Poles are showing themselves most "ungrateful" for all that Germany has done for them. This implies that Poland is so unreasonably as to expect that German promises will be kept. Another capital which the war dispatches have for the moment blanketed is Tokio. Yet a slight gleam comes in the statement of the premier that the Japanese Government "has not considered the question of intervention in Siberia." That question has, however, fallen into the background. If the Germans win on the western front, Japanese troops in Siberia will be of no avail; they will not be needed if the Germans lose, for then the Kaiser will have lost everything.

A Moderate Sum!

(From the N. Y. Commercial)
War disbursements have fallen far below the preliminary estimates and the Federal Treasury will receive enormous sums from income, excess profit, and other taxes before the close of the fiscal year or June 30 next. It is bad finance for the Treasury to accumulate a large surplus because it withdraws money from circulation, increases bank loans, reduces the banking accommodation available for industrial and commercial purposes, and weakens the purchasing, saving and investment

WITH THE FLAG

"THEN CONQUER WE MUST WHEN OUR CAUSE IT IS JUST."

The HERALD cordially invites recipients of mail from soldiers in any and all branches of the service to send the letters to this office for publication. All matter of a personal nature will be eliminated in the publication; also the original letter will be returned to the owner directly after its publication without in any way being marred.

power of the people. The Treasury Department is evidently acting on this sound principle in limiting the forthcoming loan to three billion dollars. How times and ideas have changed when that is spoken of as a moderate sum!

The Only Way to End This War

(From the Manufacturers' Record)
There is only one way to end this war, and it is our duty to follow that way to the limit of our ability; and that way, the only possible way to save millions of our men and to save our country and civilization itself, is to kill German soldiers, and to kill and keep on killing, for the more quickly and more fully we kill German soldiers, the fewer will be the number of American soldiers that they will kill. Does this seem brutal? It is not. It is the only road to end this war, and the only road to follow.

Our supreme business is to win this war, and the only way to do it is to equip ourselves to the utmost strength of our resources to enable us to kill German soldiers. Let us make up our mind to this task and go at it with all the vim and energy that it is possible for us to develop.

These German soldiers are fighting us and killing our men. Gleefully and joyfully they are gloating over the destruction they have wrought as they have carried on their murderous campaign for four years. These German soldiers are not simply what they themselves have been trained to believe is the thing to do. All Germany is possessed of the devil and by the devil; and all Germany is united in this awful war in which they have already killed millions and millions of soldiers of the Allies, and now are preparing to do their utmost to kill the loved ones that we are sending over. Unless we kill them, our own soldiers shall die, and our own country shall be destroyed, and the women and children of this land will be as ruthlessly slaughtered as were the women and children of Belgium and France.

Our task, therefore, is to fight. Fight with all the power that can possibly be developed through the fullest utilization of all the latent strength of the nation.

We might as well face the fact that this war is a war of extermination in which Germany is seeking to exterminate and conquer the rest of the world; and our only possible salvation is in killing enough Germans to prevent Germany carrying out its plan. Then let us fight, and fight with all the strength that we can develop, and throw into the fight every ounce of mental, physical, moral, spiritual and financial power. This is our task, to which Heaven has called us.

NAVY YARD NOTES

Workmen Injured.
Richard S. Morse of Eliot, an employee of the shipyard, was injured on Friday afternoon by the dropping of a 200-pound weight on his right foot. The weight, which held a furnace door, dropped when the wire holding the same parted and caught the workman before he could get away. The foot was badly lacerated. He was treated at the yard dispensary and later removed to the naval hospital.

Acting Master Mechanic.
W. B. Brown is temporarily acting as master shipsmith in the place recently vacated by Luke Ashworth.

Guest of Mr. Osborne.
Spencer Miller, Jr., former deputy warden of Sing Sing prison, is the guest of Thomas M. Osborne, commander of the naval prison. Mr. Miller served in the New York institution during the term of Mr. Osborne.

JELICO HAS NEW TITLE

London, March 30.—Admiral Sir John Jellicoe has taken the title of Viscount Jellicoe of Scapa.
The name Scapa is derived from Scapa Flow, which has been the principal home base of the British grand fleet since the beginning of the war. Scapa Flow is a great land-locked harbor in the midst of the Orkney Islands north of Scotland, and a 24 hours' train journey from London. The surrounding land is barren, desolate and treeless. There are 30 islands in the Orkney group, of which 62 are uninhabited.

Such was the place to which Jellicoe brought his squadrons at the end of July 1914, and the place to which

he returned with them time and again to rest after fruitless chases in the North Sea. Scapa was the king pin in the strategic disposition of the allied naval forces during the entire time that Jellicoe commanded them.

LOCAL PEOPLE BY SHOE FACTORY

Louis Shapiro, the well known proprietor of the Portsmouth Shoe Findings Company, has purchased the Palmer & Peely shoe factory at Epping. He has organized a company with Albert Wagoner, president, Louis Shapiro, treasurer, and Abraham Shapiro director.

The company will employ 200 hands and will make medium women's McKay shoes, turning out 65 dozen pairs per day.

Mr. Shapiro has made a success from the day he entered the employ of the Baker Carpet Co. in this city. He is a hustler and is sure with his associates to make good. The company will be known as the Overland Shoe Co. and is organized under the Massachusetts laws. Mr. Shapiro will continue to reside in Portsmouth.

WHERE ARE THE AMERICANS? BRITISH ASK

London, March 29.—An unknown factor in the battle toward which the English people are eagerly looking is the American Army in France. "Where are the Americans? When are they coming in?" are questions being asked everywhere. All the Americans in London are being asked by their English friends for answers to these queries. America has been depended upon to fill the gap left by Russia. The popular belief regarding the number of American troops in France probably is greatly exaggerated. Many believe there are a million, or even two million, Americans already on the European side of the ocean, and the actual weight of American support is likely to prove a sharp disappointment.

PEOPLE'S OPINIONS

Why the Cold Sendoff
The spirit of patriotism was surely missing among our people on Friday at the Boston and Maine depot on the occasion of the departure of a draft quota. It is hard to understand why one detachment of draftees will depart from Portsmouth headed by a band and amid the cheers of hundreds of people and others will get a send-off which has the appearance of a lot of funeral mourners. Where were all the limelight artists on this occasion and why were so many of our local boys allowed to go away without the same honors as the previous drafts were accorded?

FATHER OF ONE OF THE DRAFT MEN.
Editor—Can you or some reader kindly tell me who to write to concerning the Hotel Pocahontas on Gerrish Island?

Write to S. F. Jenkinson, Hotel Pocahontas, Boston, Mass.

A. READER.

THE EDITOR.

TOOK ELECTRIC LIGHT GLOBES FOR TARGETS

The police rounded up some boys on Friday, who have been for several days using the electric globes of the street lights for target practice with air rifles and who were engaged in other acts that called the attention of the police.

It being the first offense against them they were not brought into court.

NOTICE

To wood-workers' helpers of the Navy Yard. A meeting will be held at N. E. O. P. hall, 17 Daniel street, on Sunday evening, March 31, for the purpose of organizing Union No. 16017. Wood-workers' helpers of the navy yard and all brothers listed as such are cordially invited.

WM. J. KEDDIE, President.
ANTONIO MARCOUS, Sec.

THINK GERMAN SET FIRE AT EASTPORT

Eastport, Me., March 30.—Investigation of the mysterious \$50,000 fire in the dock shed of the Eastern Steamship Lines here Thursday, which appeared to have started from an explosion developed today that one of the crew of the freight steamer Musasolt, at the wharf at the time, was seen acting suspiciously just before the fire broke out. The Musasolt sailed Friday afternoon for Boston.

Eastern Division Manager A. H. Leavitt, wired the headquarters of the coast patrol at Machias asking that a scout cruiser be sent to overhaul the Musasolt to look for a German suspect on board. He has also notified Boston federal officers to search the Musasolt on her arrival Sunday night.

SAYS AMERICAN EXAGGERATED

London, March 30.—Referring to Lloyd George's message to America, the Daily Mail says: For one year America has labored incessantly to construct a war machine and furnish foodstuffs. Her efforts in some directions have borne splendid fruit. In others, notably transportation and shipbuilding, they are still endeavoring to overcome enormous obstacles. Many Americans are unsatisfied with their success, and think in this battle they are not playing a greater part. We think their self reproaches are exaggerated. Britain must fill the gap while America is landing in France the greatest possible number of trained soldiers.

NEWINGTON

Newington, March 30.—The work at the shipyard is being pushed as rapidly as possible. The force has been largely increased as about four hundred new men have been employed this week. Several new teams have also been added each week when needed. been put on and from now on new men, houses or dwelling sheds will be erected to house four hundred of more persons.

As time goes on we regret more and more the loss of the bridge, while we are glad to have a temporary foot bridge built we want to see the travailing bridge rebuilt without any more delay than necessary. It is a needed necessity and especially at this time in the shipyard.

A foot or cable bridge is to be constructed temporarily to connect the now severed parts of the Dover Point and Newington bridge. It is rumored that the workmen will lodge in a car near the Newington depot.

George Alford has joined the navy yard force.

The Reapers' Circle met with Mrs. Hildon on Wednesday afternoon. They are preparing for a sale as soon as the roads are in good condition.

Mr. Elliott and wife, who motored from Boston on Wednesday, passed a few hours in town.

Mr. Simon Hoyt, wife and mother, from the Hawaiian Islands, arrived at the home of his parents, Mr. and Mrs. Benjamin Hoyt, on Saturday, March 23. Mr. Hoyt has resided near Honolulu for about six years. He came home two years ago last January for a short time. Mr. Hoyt is among the drafted men and could only remain two days. On Monday he started for a camp in Maryland. Mrs. Hoyt and her mother will remain here for a time.

Warren Pickering, who reached his 21st birthday one day this week, has enlisted in the army.

The pupils from the high school and from our town school will enjoy a vacation this coming week.

Miss Beaver, teacher of our grammar school, left for her home in Keene where she will pass her vacation.

Mr. Percy de Rochemont of Cambridge passed a day or two recently with his parents, Mr. and Mrs. Clarence de Rochemont.

Mr. Henry de Rochemont and daughters of Rockland, Me., passed Sunday the 24th at his former home.

Miss Ruth Harden of Everett, Mass., is the guest of Mrs. Stillman Packard.

MEATLESS DAY REGULATIONS SUSPENDED

Washington, March 30.—Suspension of the meatless day regulations for 30 days beginning tomorrow was ordered by the food administration in instructions telegraphed to all state food administrations.

Temporary relaxation of the restrictions was decided upon because thousands of hogs now coming into the market has increased the meat supply beyond the country's shipping and storage capacity. In a statement announcing the order Food Administrator Hoover expressed confidence that the producers would not take advantage of the "holiday" to ask more than fair prices and that the packers and retailers will have sense enough to realize that this is not to be a holiday of high prices.

"The very much nominal run to market of hogs due to supplies dumped back, during the winter months, has shortage still continues," Mr. Hoover said, "and seems likely to go on for another thirty days. After this period the seasonal shortage in marketing will set in."

"It is a matter of regret that the extent of our domestic storage capacity, the limited overseas and inland transportation and port facilities do not permit of saving and moving the whole of this temporary and abnormal surplus to the allies for use when this heavy killing season has been passed. On the other hand the larger and cheaper supplies of potatoes and the larger supplies of milk together with these further relaxed restrictions on meat so that some portion is available each day should facilitate the enlarged saving of breadstuffs of which we are so much deficient in allied needs."

"Every shipment of meats that we sent from our ports is a shipment saved from the Argentine. Every ship can double the duty from our ports that it can do from the Argentine."

DOVER TO BE BONE DRY

City Council Refuses to Issue Permits for Establishment of Liquor Agencies.

Dover will be bone dry under the new prohibitory law which goes into effect in this state May 1, as the result of the decision reached by the city council of the up-state metropolis, at a recent meeting. There has been a movement on foot in Dover to establish liquor agencies which are permitted under the provisions of chapter 147, laws of 1917. A resolution was also introduced at the meeting of the city council to permit the drug stores to

sell liquor under the provisions of the law. Both resolutions were unanimously turned down by the board of aldermen and the common council.

IMPRESSIONS OF THE WAR ZONE

Commander B. B. Wygant, U. S. N., recently returned from the European waters, will speak at Mrs. A. C. Heflinger's, 53 Austin street, on Sunday afternoon at 4 o'clock on "Experiences in the War Zone." For the benefit of the Women's Naval Service. Contributions will be greatly appreciated.

I WONDER

Why some enterprising ice man did not harvest the ice crop on the Daniel street sidewalks?

Who is going to chase up the unlicensed dogs in this city this year?

If the traffic police will not have some job the coming summer?

If the lights of the illuminated clock on the Jones Brewing plant will burn after May 1?

If the hundreds of men walking on the tracks of the Dover branch at night, realize the danger they are in?

Why so many shipyard workmen take such desperate chances running for trains in the depot every day?

How many of the junk men will get by under the new junk license control?

Who is the female candidate for the board of police commissioners?

The Joy Recipe! Take Cascarets

Regulate liver and bowels, and sweeten the stomach—spend 10 cents and see

Enjoy life! Straighten up. Your system is filled with an accumulation of bile and bowel poison which keeps you bilious, headachy, dizzy, tongue coated, breath bad and stomach sour. Why didn't you get a 10-cent box of Cascarets at the drug store and feel fine—Take Cascarets tonight and enjoy the nicest, gentlest, liver and bowel cleansing you ever experienced—Give Cascarets to children also, they taste like candy—Never grip but never fail. Sick, bilious children love to take this laxative.

REAL ESTATE CONVEYANCES.

Following are the conveyances of real estate in the county of Rockingham recently recorded in the Registry of Deeds:

Deerfield—Samuel P. Landell et al. to Landell Lumber Company, all of Manchester, standing growth.

Hampstead—Albert H. Forbes et al. to Lewis C. Duff, all of Haverhill, land, \$1.—Last grantee to Arthur P. George, Haverhill, same land, \$1.

Newfields—Eleanor P. Langlands to Marion P. Baker, Norwood, Mass., land and buildings, \$1.—Arthur J. Gannon to Harry Gold, both of Exeter, land and buildings, \$1.

Northwood—James W. Pender to Frank N. Pender, land and buildings, \$1.

Portsmouth—Amastasia J. Morrissey to Mildred P. Cary, land and buildings on Summer street, \$1.—Kimon Peels et al. to William H. and Marion D. Slayton, land and buildings on Orchard street, \$1.—James L. Haley to Army and Navy Association, premises corner of Daniel and Mulberry streets, \$1.—John D. Locke, Rye, to John B. Bourque, Bedford, premises corner Hanover and Autumn streets, \$1.

Rye—William J. Fraser to Patrick W. Hieb, land and buildings, \$1.

Salem—Charles W. Colburn, Peckham to Dennis P. Stanton, Lawrence, land and buildings, \$1.

MILK NOTICE.

On and after April 1, 1918, the price of milk delivered in Portsmouth will be as follows:

Wholesale, 11 cents per quart. Retail, 13 cents per quart, 7 cents per pint for each single delivery.

Bottles to be returned daily. The continued increasing cost of bottles necessitates a charge of 10 cents each for all bottles not returned.

EXPERT AUTOMOBILE WASHER ARRIVES

The finest and most competent auto washer from Boston has arrived at the Sinclair Garage Horton Service Station, and will handle all local cars as fast as possible. Perfect work guaranteed.

PERSONALS

Hon. George J. Foster of Dover was here today.

Dr. J. P. Sullivan of Concord was here today.

Mrs. George W. Downing passed Friday in Boston.

Robert Hopkins is spending the week-end in Boston.

Paymaster Barker is spending the week-end in Brookline.

Lieut. Commander Jordan, U. S. N., is visiting his family here.

C. N. Hurd has entered the employ of the Atlantic Corporation.

John E. Pickering visited his mother in Marblehead on Friday.

Joseph Hurley of Union street who has been ill is much improved.

Miss Constance Noyes is passing a week in Portland with relatives.

Mrs. Frank Carlin has been the guest of Mrs. Rosamond Packard.

Mrs. Ellen Crowley of Sudbury street is visiting friends in Boston.

John Whitehead of South Berwick was in this city today on business.

Inspector Robert Mitchell of the State Department of Labor was here today.

Mrs. Thomas Meehan is passing a few days at her former home in Lawrence.

Mrs. Robert R. Kormack and Mrs. George S. Hawkins spent Friday in Boston.

Mrs. L. H. Thayer and daughter Dorothy are passing a few days in Boston.

George M. McPheters who has been visiting his son in Boston, has returned home.

George Jackson of Ossipee, this state, has secured employment at the navy yard.

F. M. Campbell has entered the employ of the National Engineering Co., as time keeper.

Thomas Russell of the Soldiers' Home at Tilton has been on a short furlough in this city.

The friends of Harold L. Dutton gave him a dinner at the Warwick club on Thursday evening.

Miss Jessie Hermon of Gloucester is the week-end guest of Mr. and Mrs. James Ryan of Irvington street.

Miss Eleanor Mitchell, a student at Wellesley college, is passing the spring vacation at her home in this city.

County Treasurer Stewart E. Howe is the author of a poem entitled "The Flag We Love," in the first quarterly issue of the Granite Monthly for this year.

OPEN BRIDGE APRIL FIRST

It is expected that Rice's bridge

will be opened to the public the first of April. The contractor is making every effort to this end. This will be good news for York, Portsmouth, Elliot and Kittery people. The detour from George Main's by the South Side is in bad shape, and motorists dread the trip. It is almost impossible for the big trucks which will soon be making trips through here.

DEATH PENALTY FOR ESPIONAGE

(By Associated Press)

Washington, March 30.—The death penalty for many acts of espionage would be proposed in legislation to be brought before Congress, Senator Overman of North Carolina said today, after hearing testimony of several government agents in charge of anti-spy work.

OFFICER FROM CAMP DEVENS HERE

First Lieut. Merrill, U. S. A., of Camp Devens, came here on Thursday and personally took charge of the draft men for the camp. The boys had dinner at Nathan where they met all the other New Hampshire men. They were a fine looking body of young men.

POLITICAL ODE VIA TAMWORTH

A dispatch in yesterday's Union announcing the birthday celebration of Old G. Hatch of Tamworth, at the age of 91 years, last Wednesday, has it that Mr. Hatch "has the distinction of being the only Republican who ever defeated the late Frank Jones for office." As long as the late Frank Jones never ran for any office when a Tamworth man could either run against him or vote against him, except when he ran for Congressman or Governor, this claim for Mr. Hatch is nonsense, since he did not run against him for either office, and it took a good many thousands of votes besides that of Mr. Hatch to defeat him.—Concord Patriot.

It is doubtful if the gentleman from Tamworth knows of the death of Mr. Jones.

George D. Bunker of Kittery attended the Roosevelt reception in Portsmouth.

PORTSMOUTH QUOTA NOW SOLDIERS

The twelve men from this district for the extra draft for Camp Devens, left here on Friday morning at 8.44 and last night slept at Camp Devens, regularly enrolled in the great National Army.

The men left here in charge of Lieut. Merrill, U. S. A., who was sent over from Camp Devens to meet the men and escort them back to the camp. This is a new departure which is being followed. On previous drafts the men were placed in charge of one of their number, who reported them to the receiving officers at the camp. Now the practice is to send out an officer to meet all detachments of any size and have them come into camp in charge of a regular officer.

The men were all in good spirits and all anxious to get into active training.

OLD AGE A CRIME!

Some people are young at 60—red checked, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and lose its springiness; occasional twinges of pain in the back, felt without cause, and possibly a twinge of rheumatic pain.

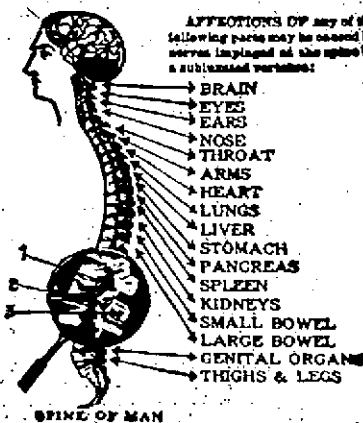

In most cases these are the danger signals to warn you that the kidneys are not properly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL, Haarlem Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL, Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. Get them at your druggists. Do not take a substitute. In boxes three sizes. (By Associated Press)

GOOD FRIDAY SERVICE WELL ATTENDED

The Good Friday service held at the North Church last evening was of an impressive character, and largely attended. Rev. Alfred Gooding gave the scripture reading, choosing the twenty-third chapter of Luke. Prayer was offered by the pastor, Rev. Lucius H. Thayer.

The speaker of the evening was Rev. H. W. Lockhart, D. D., who gave an eloquent address. In his talk he compared the lives of Washington and

CHIROPRACTIC

(Kiro-prak-tic) YOU SHOULD KNOW ABOUT THIS DRUGLESS SCIENCE. Your spine is the keynote of your health. Nerves leaving the spine become compressed by the bony segments (vertebrae); the result is disease (see illustration). The Chiropractor removes the nerve pressure at the spine and NATURE restores the health. No drugs, surgery or appliances are used. The Chiropractor uses his hands alone to restore the spinal segments to a normal position. If you are a sufferer you should investigate. Chiropractic obtains results where other methods have failed. Consultations and spinal analysis free at my office.

BIG BOXING CARD FOR NEXT WEEK

The Rockingham A. C. have arranged a fine program for the boxing show next Friday evening.

The main bout, Billy Carney of New Bedford, against Young "Batling" Nelson of New York, will be the big feature for twelve rounds.

A bout that will be of great interest will be that of Johnny Veddo of the Portsmouth Naval Training Camp vs. Young Governor of Somersworth, a lad who has been making a fine showing of late. Young Veddo's showing with Al Nelson in this city at the last bout stamps him as a coming star.

Another six round bout will be that of Young Kennedy of the South Dakota and Young Schaffer of the U. S. S. Hannibal. These are sure to be all fast and the fans are in for a good evening's sport.

PLANNING FOR LIBERTY LOAN

The preparations for the Liberty Bond drive were started on Friday when Chairman F. M. Sise, who has charge of the drive in this city, held a meeting of his executive committee at

the rooms of the Chamber of Commerce.

It was announced that a number of teams would be organized and the team captains are already appointed and they will meet on Monday afternoon.

Portsmouth's quota will not be quite as large as the second loan and there is no doubt but what it will be well over subscribed.

The navy yard workmen are planning to outdo their great record of the second loan and there are plans to start something at both of the big shipping plants.

The members of the executive committee are Fred M. Sise, chairman; D. W. Badger, J. K. Bates, F. A. Belden, W. J. Cator, J. P. Connor, R. L. Costello, Thomas K. Flanagan, P. E. Kane, Hon. S. T. Ladd, R. C. Margeon, Percival A. Moulton, John H. Neal, Joseph Saco, Ross P. Schlabach, U. S. N. Louis Shapiro, H. C. Taylor, H. H. Tilton.

FREIGHT EMBARGO HOLDS RELIEF GOODS

An embargo on all freight from Boston to New York for a few days has held up the shipment of the goods collected in this city for the Belgian Relief. The goods have all been packed and is ready for shipment as soon as the railroad will accept it.

WANTED TO GO BACK AFTER HIS BROTHER

(By Associated Press)

American Army in France, March 29.—An American patrol has been cited in the French orders and they will receive the War Cross. Among them Sgt. Henry Muegan of Cherry Valley, Mass. The patrol came upon a German patrol in the No Man's Land and captured four and killed two who attempted to escape. They brought in their captives who proved to be mere lads in broad daylight, and they all seemed glad to be taken by the Americans. They were hungry and poorly clothed and one asked permission to go and get his brother. Valuable information is said to have been obtained from them.

Sergeant Major Charles P. Taft, has been recommended in the regular military order for promotion to a commissioned office. He is a son of former President W. H. Taft.

One of the American towns north-east of Toul was heavily bombarded for five hours this morning, ending at five o'clock. The enemy used all kinds of shells and then put up a smoke screen. The fact that an enemy cavalry force had been seen at Lunelville led to the belief that an attack was coming, but nothing followed the bombardment.

He holds a decision over Soldier Birt-Ald and has earned a draw with Italian Joe Gans, both of whom are recognized as headliners in the mitt game. Carney and Nelson met in Boston last week and the New York man was given the award, although all of the Boston papers insisted that the bout should have been called a draw.

Jack Murray, a Cleveland wrestler, has challenged John Kilonis. Murray defeated John in Manchester a few years ago.

St. Paul's school at Concord has turned out some wonderful hockey players and has contributed some of the best players that Yale, Harvard or Princeton have ever had.

From an authentic source, we learn that an effort is being exerted to secure Mulholland, the former Portsmouth High school baseball star to enter Kent's Hill school.—Dover Democrat.

South Farmington high and Rochester high schools haven't been on the best of terms for a number of years, but this season it was decided to bury the hatchet and athletic relations will be resumed.

An act permitting Sunday baseball games in Rhode Island was reported by Assemblyman Flynn of Providence for the judiciary committee in the house recently and placed on the calendar. The act was introduced early in the session by Mr. Herrick of Woonsocket and the committee gave a public hearing. Its passage was urged by representatives from all sections of the state and that prompted the committee in its action.

SPORT NOTES OF INTEREST

Jack Reiner and Clint Kingsbury rolled the first ten strings of a 20-string match at Rochester Wednesday evening against Harry Young and Pat Kiley. The Portsmouth bowlers were defeated by a total of 35 pins. The final ten strings of the match will be rolled in this city next Thursday evening and the Portsmouth bowlers hope to overcome the lead of the Rochester pair.

According to pre-baseball season dope it looks as if Manager Stallings of the Boston Braves had picked up quite a southerner in Hugh Canavan. Canavan was quite a star for a number of years in school baseball circles in Worcester.

The new Manchester wrestling syndicate will stage the Kleins-Gardner match next Wednesday night and Pete Forrest who has been the wrestling promoter in Manchester for some years, will go there one better and put on a show Tuesday night. Forrest has booked Mike Yokel and Fritz Hansen. This doesn't look like a very strong card. There was a time when Fritz could stick with the best of them in his class. In Yokel he will meet one of the top-notch middleweights of the country, and will be outweighed by 15 or 20 pounds.

Monte Cross, the old Philadelphia American baseball infielder, is still in the game and is at his former berth, acting as coach at the University of Maine at Orono.

The Portland High school basketball team will close the season this evening when it will clash with the fast Haverhill, Mass., high team for the second time this year. In the first game which was staged in Haverhill, Portland went down to defeat for the first time this year.

The Rockingham A. C. will present a boxing show next Friday evening that should make a hit with all the fans. Billy Carney of New Bedford and Young "Batling" Nelson of New York will appear in the main bout. Carney is under the management of Ray Cass, who also looks after the affairs of Frankie (Young) Britt, and Bobby Dyson. Carney has been wading right through all the eastern middleweights. Young Nelson has done most of his work in New York and has been in the big show on numerous occasions.

JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Portsmouth Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now suppose you had a bad back. A lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from faraway places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Read this Portsmouth case:

Stephen H. Goodwin, baker, 21 New Castle Ave., says: "When lifting a barrel of flour, I strained and wrenched my kidneys. Sharp pains came on just over my hips. I was told of Doan's Kidney Pills and as I am on my feet all the time while working, I decided to try them. They gave me relief from this pain and I have nothing but good to say of them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Goodwin had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

ADDING TO THE U. S. HONOR ROLL

(By Associated Press)
Washington, March 29.—Thirty-two names were added to the American casualty list as given out by the War Department today. It is divided as follows: Killed in action 1, killed in accidents 2, died from wounds 2, died of disease 5. Other losses 1, wounded seriously 1, slightly 20.

PAIN, PAIN, PAIN, STOP NEURALGIA

Rub nerve torture, pain and all misery right out with "St. Jacobs Liniment"

You are to be pitted—but remember that neuralgia torture and pain is the easiest thing in the world to stop. Please don't continue to suffer; it's so needless. Get from your druggist the small trial bottle of "St. Jacobs Liniment," pour a little in your hand and gently rub the "tender nerve" or sore spot, and instantly—yes, immediately—all pain, ache and soreness is gone. "St. Jacobs Liniment" conquers pain—it is perfectly harmless and doesn't burn or discolor the skin. Nothing else gives relief so quickly. It never fails to stop neuralgia pain instantly, whether in the face, head or any part of the body. Don't suffer!

WITH THE BOXERS

When Willard and Fulton met to sign up, the meeting of the two Glants was devoid of hostilities. Sitting at either side of Promoter J. C. Miller, they scrawled signatures to the articles without a word about the coming fray.

Willard was first to appear. A few minutes later, Fulton and his manager Mike Collins, entered. Jess spied the party and rushed to the door.

"Hello, Mike," was the greeting. Then to Fulton.

"Hello Freddy—how are you?"

The two shook hands warmly. Fred, clad in a drab cutaway coat and striped trousers, shifted a walking stick to his left hand to shake.

"You're getting to be quite a sport," remarked Willard.

"Yes," grinned Fred, "carrying a cane and everything."

Johnny Dundee, the New York boxer, is credited with having made a lot of money out of the game, notwithstanding the failure of his efforts to grab the lightweight crown. It is said that Dundee has earned on an average of \$36,000 a year for the past five years.

Ted Lewis and Jack Britton, two birds who seem to have acquired a fondness for each other, are to have another clash next month at Atlantic.

Joe Egan and Ted Kid Lewis have been matched to go ten rounds at Milwaukee April 16.

Johnny Dundee and Jimmy Duffy will furnish the feature show at the Armory, Boston, next Tuesday night.

The following week the Armory will hold its weekly show on Wednesday night.

Tammy Robson, who won the decision over Augie Batten at the Armory, A. A. last Tuesday night has been matched to meet Harry Gray, the sensational Pittsburgh middleweight, in Boston April 10.

Najolson Lajole, one of the greatest hitters the game ever has known, a man who had a big league batting average of around .350 for 20 years, declares the policy of some managers to carry players to act merely as pinch hitters is not one of wisdom.

"You can count the men who have filled such a role and made good on the fingers of one hand," says Larry. "Moose McCormick was one. If I remember right, Pittsburgh had a player named Hyatt who broke into a box score only when he hit for some one else. They let me Hyatt was quite a success along that line for a year or so. When we had Jack Leivolt with us in 1913 he came through nicely with many a safe hit."

"But the man who sits on the bench day after day and only occasionally gets a chance to go to bat and try to hit in a regular game has not much of an opportunity to deliver. The odds are all against him. Of course you may say he gets his batting practice every day the same as the other batters. True enough, but that does not count for much in real games. Few pitchers use much stuff in batting practice."

"I have had some experience in the pinch hitting business myself. Remember when Ed Klepper broke a finger on one of my hands and the thumb on the other hand. Remember how Joe Birmingham called on me several times to hit before I was ready to get back into the game regularly? I'll admit I delivered until the pitchers insisted on handing me bases on balls, and I had not been out of the game long enough to lose my batting eye. But if I were to sit on a bench and be nothing more than a pinch hitter, perhaps I would not be any more successful than many others who have tried to deliver and failed. But I would not say I would fall down, until I had tried."—Sporting News.

Helder Jones of the St. Louis Browns said in a discussion recently that Babe Ruth, the hard hitting pitcher of the Red Sox is the best batsman in baseball, the famous Tyrus. It could be said that Ruth was the best natural hitter that the game has developed and it looks as though the Babe has one of his best seasons ahead of him.

The International League is dying hard. It was expected that at the meeting of the club owners in New York the league would disband. This was not voted, neither was any encouragement given that the league would be in operation this season. The International players are an anxious lot and would like to have their status known. No less a person in this latter class is Nap Lajoie.

Billy Paige, the old New England League ball player has been engaged as coach for the Nashua high school. He was a catcher for years in the New England League and later for several seasons in California, coming back east into the New England circuit again. He is one of the best known professional players in New England.

Manager Howland of the Chicago White Sox has turned Brick Eldred over to Sacramento, of the Coast League. Eldred had a trial with the

White Sox last spring and then was released to Newark of the International, being recalled in the fall.

Terry Turner finally was convinced that for a man of his years and doubtful worth to his club the contract offered him by President Jim Dunn of the Cleveland Indians was fair enough, so he has quit his hold-out tactics, signed and reported to Manager Felt at New Orleans.

COUNTRY CLUB ANNUAL MEETING

The annual meeting of the Portsmouth Country Club will be held on Monday evening, at the New Hampshire National Bank. Officers will be elected and there are several matters of interest to come up.

On Tuesday evening the club will hold a dancing assembly for the club members and guests at Pierce Hall. For this Mrs. H. C. Taylor, Mrs. G. H. Lord and Mrs. H. W. Peyser will act as hostesses.

FORDS THE UNIVERSAL CAR

Place your order for your Ford car now and avoid delays and disappointments. Contrary to the average rumor the Ford Motor Co. are manufacturing cars every day, but the output has been greatly reduced. The number of unfilled orders on hand this spring are greater than any previous year, but the cars available for the next three months are not enough to take care of the demand. We have been fortunate in getting part of our supply of cars and have a few in stock now. Be wise and buy your car today. In these uncertain business days the Ford is the only car to own.

AIRMEN HELPING TO CHECK GERMANS

London, March 29.—The continuance of fierce air fighting in the battle area is shown by the report of aerial operations issued last night, which says that on Wednesday twenty-four German machines were brought down in air fighting and seven were driven down out of control. Nineteen British machines are missing, but a proportion of these are believed to have landed on our side of the line. A very heavy fire directed against our machines from the ground accounted for the greater portion of our casualties.

"During the night the bombing of Bapume, Bray and Peronne continued with the utmost vigor. Over a thousand bombs were dropped and thousands of rounds of ammunition were fired at good targets which were plentiful and easy to see in the moonlight. Our pilots saw their bombs bursting in the middle of columns of troops, transports and encampments.

"Four of our airplanes are missing. On Wednesday the Sablon station at Metz was bombed, over ten tons of bombs being dropped. Explosions were seen on sidings and along the railway. Today our machines carried out a successful raid on the station at Luxembourg. Twenty-one heavy bombs were dropped and several were seen to burst on their objectives. All our machines returned from both raids."

YEOMEN TO BE SENT TO SEA

Yeomen on duty in the First Naval District who can be spared are to be sent to sea and their places will be filled by women yeomen, according to Rear Admiral Spencer H. Wood, commander of the district. The men are

PORTSMOUTH GAS CO.,

Always at Your Service

wanted for the ships, the admiral states, and while some very efficient yeomen will come under the order he feels that the women yeomen can carry on the work satisfactorily. The admiral denies that there is any idea of reducing the number of yeomen.

Every day there comes a request for men for ships, and it is necessary that yeomen go along. The drive is still on to secure additional men in the Naval Reserve, and more especially seamen. A new order is now in effect by which every one who enrolls is sent to Hingham for at least three weeks, where he will be inculcated and given a course in training.

Business at the headquarters of the district in the Little Building Boston is now down to a regular system. At eight o'clock in the morning assembly is sounded; at 9:15 comes sick call; at 11:30 the first call for dinner and at sunset colors is sounded.

Every Saturday Rear Admiral Wood makes an inspection of the quarters, and the drills are held at frequent intervals.

TO HOUSE WORKMEN AT YORK BEACH

A representative from the navy yard will this week open an office at York Beach says the York Transcript, for the purpose of renting all available houses needed there to house workmen from the yard. It is the intention, in fact the necessity, of the navy department, to provide houses and rooms for an additional force of probably a thousand men at the yard, and as about everything suitable in the shape of houses or rooms are already taken in Portsmouth and nearby towns, it has been found necessary to come this way.

It has been known for some time that a move of this nature was contemplated. York Beach, as well as other parts of the town, has many houses which remain vacant through the winter, as they are essentially summer houses, and not fitted for cold weather occupancy. When the question of housing workmen came up, beach resorts were thought of as perhaps furnishing in part the solution. The houses were there, to be sure, but practically all of the empty ones are not fitted for heat, and a great many of them not even warily built. The proposition was not as easy as first thought. It is the purpose, evidently, of the representative from the yard to select such houses as he deems available. Whether the department will decide to fit others with heat, or offer a rent sufficient to warrant the owners doing this, is not known.

One thing is certain: Workmen must be housed somewhere, and the government has authority to rent or lease houses for this purpose, and evidently they propose to do it. Should it be done at the beach it will undoubtedly mean a falling off in summer visitors, but a big increase to winter business. Whether one will balance the other is a question, but in a time of war there can be no choice but the greatest good for the greatest number.

There have been reports that the National Council of Defense, which has the work of providing housing and board for the shipbuilders, are going to take over some hotels at the beach, but they have not made an official statement on this, and until such time as they do, no one should believe it. Undoubtedly they have looked over some of the hotels at the beach, and it is possible that one or two may be taken over, but up to going to press nothing of the kind has been done.

CARPENTER'S COUNCIL PLANS

The Carpenter's Union of Dover held a largely attended and most enthusiastic meeting at the Germania Club last Wednesday evening, when the matter in relation to the several local carpenter unions in this

section organizing a district council was discussed. The meeting was in the nature of a smoke talk and cigars were liberally provided by the union.

The gathering was called to order by Frank Doe, who stated that Robert V. Noble, business agent of the Carpenters and Joiners Union, No. 221 of Portsmouth was present to make a talk in relation to the matter of organizing a District Council.

LABOR AND CAPITAL REACH AGREEMENT

(By Associated Press)

Washington, March 29.—A basis of agreement to cover the relations of labor and capital during the war, has been agreed upon by the wage adjustment committee. The labor delegation members of the committee appear to be well pleased with the agreement.

JUNE 5TH TO BE "SERVICE DAY"

Washington, March 29.—American history probably will record June 5 as "service day"—upon which the men of this country responded to the call of the selective draft.

The provost marshal-general is planning to hold the second draft registration—for men who have become 21 since last year—on June 5, the first anniversary of the first registration. As long as the war lasts a similar registration will be held on that date. It is believed 500,000 class 1 physically fit men will be added to America's defense columns annually by this program.

No Humbug! Lift off Corns

Doesn't hurt a bit to lift a corn or callus off with fingers.

For a few cents you can get a small bottle of the magic drug frezzone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of frezzone. Apply a few drops upon a tender, aching corn and instantly, yes, immediately, all soreness disappears and shortly you will find the corn or callus so loose that you lift it out, root and all, with the fingers.

Just think! Not one bit of pain before applying frezzone or afterwards. It doesn't even irritate the surrounding skin. Hard corns, soft corns or corns between the toes, no so hardened calluses on bottom of feet, just seem to shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on your dresser and never let a corn or callus ache twice.

North Church, Sunday, 7.30 P. M.

Easter-tide Cantata—"FROM DEATH TO LIFE"

Choir assisted by Peter Kurtz, Violinist;
Mrs. W. P. Gray, Soprano.**PROCLAMATION
ON CHANGE
OF TIME**

I wish to call to the attention of the citizens, that according to an act of Congress duly signed by President Wilson, all clocks will be advanced one hour on or before 2 a. m. Sunday morning, March 31.

Accordingly I have ordered all city clocks to be set ahead one hour. The time of this change will be at 11 p. m. Saturday, March 30. I therefore ask all to make the necessary changes in their clocks and watches before retiring Saturday night. All train service, church services and in fact all time will be on the new schedule Sunday and people should govern themselves accordingly.

SAMUEL T. LADD, Mayor.

**JONES WATER SYSTEM
CAN BE TAKEN OVER**

If the City Needs It, the Officials Should Take It.

Some of the city government are said to have some fear that the city cannot take over the water system of the Frank Jones Brewing Company, owing to the fact that it is owned in England and is bonded along with the plant of the company.

Regardless of this, the city of Portsmouth can get the system if it really

wants it and if it is for the public good to require it.

There is no doubt some hitch which would cause a delay but that does not interfere with taking it through the usual procedure. If Portsmouth requires it the city officials should take it.

**FREEMAN'S POINT
NOTES**

Engineer in Chief T. R. Almy of the engineering department is passing Easter at his home in New Bedford, Mass.

Actual plans are under way for the moving of the office building.

The new iron fence is being rushed and it will add greatly to the appearance of the plant.

Treasurer Arthur A. Sharp has just completed a thorough inspection of the plant with General Manager White.

Master Mechanic F. A. Wassar has a crew of forty men getting everything in readiness in the construction division.

There are now some over 1200 men in all departments, both contracting and the regular force.

The big steep Kettles and other large vats in the high building are being removed.

NOTICE.

There will be a meeting of Local No. 351, International Brotherhood of Stationery Firemen and Orders at the ante-room of Moose hall, Sunday, March 31, at 3.30 p. m. All members will please attend.

F. H. DAVIS, Rec. Sec.

WHIST PARTY AND DANCE.

The Modern Woodmen will give a whist party and dance at Woodmen's hall, Market street, Tuesday evening, April 2. Prizes given.

**PRISONER MAKES
ESCAPE FROM
THE NAVY YARD**

Was Doing Five Years and Is the First Man to Get Away From Tom Osborne.

The first prisoner to get away from the navy yard for several months made good his escape on Friday night and is yet at large. The missing man is James Evans, of New York, a sailor rated as a third class prisoner, doing five years' sentence for desertion. His getaway is baffling the prison officials.

Evans was one of a working party under guard about the yard and his absence was discovered when the men were lined up to return to the prison. It is the opinion of the officials that the prisoner in some way secured civilian clothing of a workman and managed to get away with the yard employees on the train carrying the men to Portsmouth.

A rumor has it that other court-martialed men had planned to make a dash for liberty at the same time, but their courage failed them at the last minute.

THE HERALD HEARS

That only two local boys were in the draft quota leaving this city on Friday.

That the Boston and Maine officials say the company will start work on Dover Point bridge as soon as possible when the ice clears.

That material for the same is already being assembled.

That the men on the city and ash collecting carts can tell something about their work which is astonishing and amusing.

That some people load everything in the barrels but the right thing.

That some barrels would require the use of a derrick to get them off the ground.

That no disinfectant would kill the germs that breed in the barrels put out in the North End district.

That the people putting out barrels seem to have no conception of the lifting power of the men on the wagons and think they should juggle everything from 100 to 300 pounds.

That the men do not mind the weight half as much as they do the handling of disease breeding receptacles.

That the street department could ease up the work of the men some if the proper low built carts were used, such as in other cities.

That the man who says a woman can't keep a secret has got another guess.

That if he wants proof of it he might try and get her to tell how she landed him.

That navy officials say some funny excuses are given by the navy yard workmen who stay away from work.

That a bachelor says the bride is often foolish because she doesn't marry the best man at the wedding.

That several Dover girls are registering as female operators at the navy yard.

That a man recently sent a dollar to a bunk agency who advertised a preventive against auto theft.

That he got a reply from the bunk artists who advised him to sell the car.

That the chief engineer who goes out of office after seeing a new fire station built and modern apparatus added to the department will be a wonder.

That the water department needs

CARRIE A. ADAMS, N. G.
LIZZIE ANDERSON, Sec.

**SPECIAL MEETINGS AT THE
SALVATION ARMY**

Special Easter services will be held at the local Salvation Army hall on State street this Sunday at 3.15 and 8 p. m. Tuesday evening there will be a Soldiers' meeting at 8 o'clock, and on Thursday Mrs. Lawrence will give a lecture: "The Salvation Army and the World War," illustrated by colored pictures.

TRADE BRISK TODAY

The good weather and Easter trade has brought many people in from the suburban towns today and most of the local dealers have had a busy Saturday.

FREIGHT CARS OFF IRON

Two cars on a freight train were derailed early this morning in the Boston and Maine yard which required the services of the wrecking crew for two hours.

WANTED—Man or woman for kitchen work; good wages. Apply Ladd Street Lunch. he m30, 1w

**NOTES FROM
THE NEWINGTON
SHIP PLANT**

Flag Day, April 4, will be some day at the plant. The flag has been presented by the National Security League.

Government Inspector F. A. Jones is out and on the job after two weeks' illness.

L. H. McCray of the U. S. Shipping Board was at the plant today in connection with the housing proposition. He had a conference with Manager Hewins and Government Superintendent W. A. Jones.

Five hundred more men will be added to the force within the next ten days.

Traveling Labor Agent Charles A. Caswell who has been touring the state is critically ill with pneumonia and is in a hospital at St. Johnsbury, Vt. He is one of the best known and most popular men with the company.

It is up to every man on the job to help smash the Germans by doing his full duty. If you know of a slacker or he is an enemy to the government.

THE EASTER BALL.

The Big Battle of Music at Freeman's hall next Thursday evening will be a big drawing card for all towns and cities in this vicinity, especially Newburyport, the home of Jordan's orchestra. This dance has been billed and advertised, the same as it has in Portsmouth.

TO BECOME NAVAL RESERVES

Alex Fraser, son of Mr. and Mrs. Alex Fraser of Richards avenue, who has been employed at the navy yard, has this week enrolled in the naval reserve. Ernest Friedman of the Plains has also joined the reserve this week.
